

Clicker7 How to: create a Clicker Book

Learners can easily create their own talking books with the support of Clicker. Teachers can create reading and writing books for learners to use.

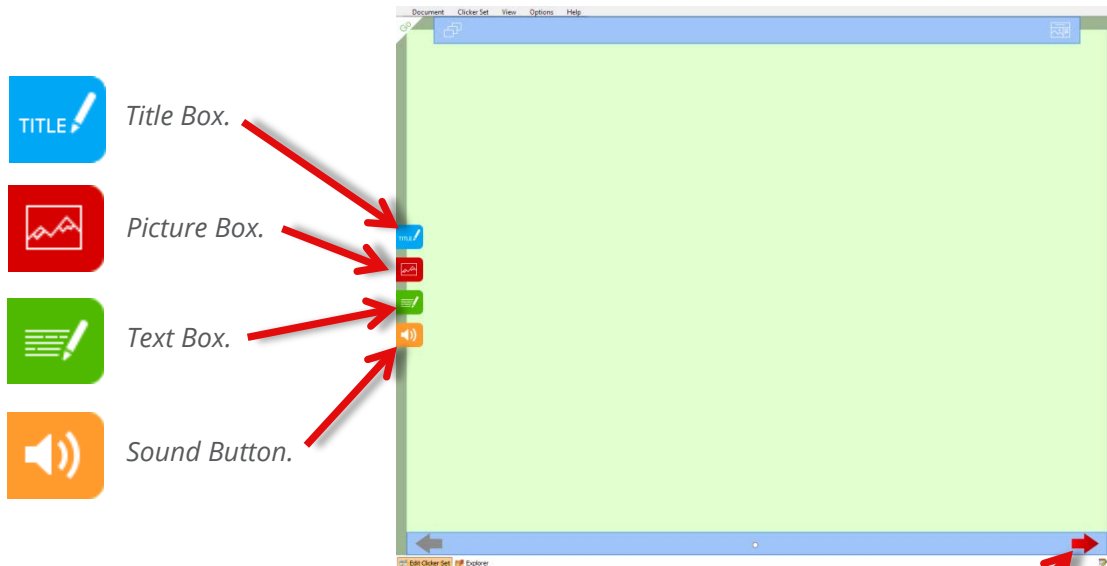

At the **Quick Start**, select **Make a Clicker Book**.

Or, on the **Clicker Set** ribbon tab, click **New** and choose **Clicker Book**.

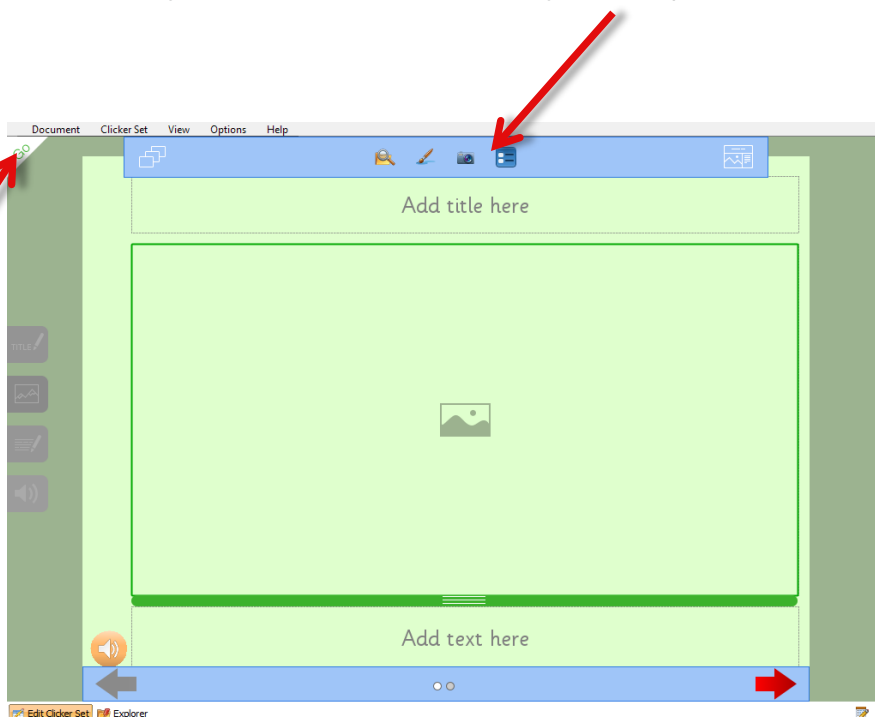

Up to four objects can be added to each page of a Clicker Book.

Add the next page.

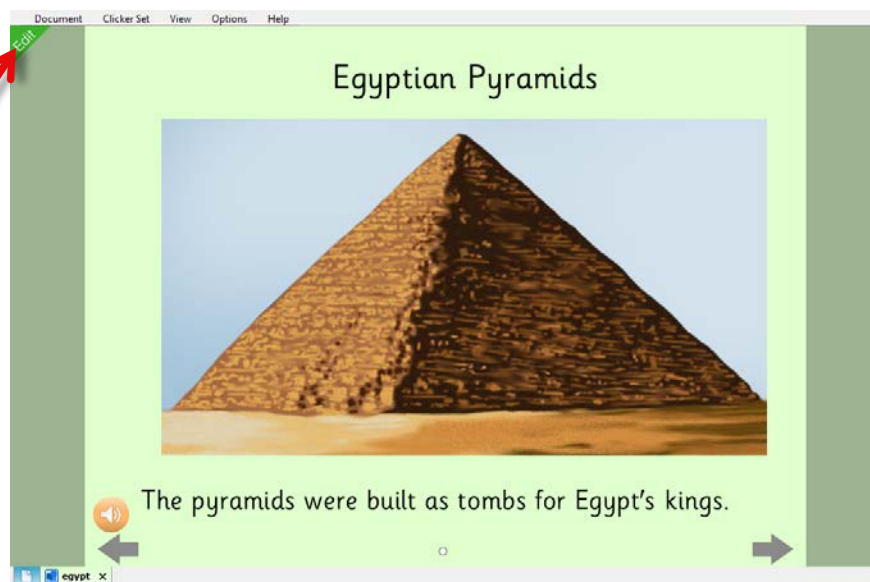

To add content to an object, click to select it and choose from the options available here.

When the Clicker Book is complete, click **Go** to run it.

See the other Clicker 7 training resources for further information about adding, editing and deleting content in an object, as well as changing the page layout.

Click **Edit** to continue working on the Clicker Book.

Did you know?

You can easily add Word Banks and Picture Banks to a Clicker Book writing template for your learners. See the other training resources for more information!
